AGRITECH

Smart Crop Protector 3.0

AI-powered real-time crop protection via image/video analysis, automated alerts, forecasts, and analytics dashboards.

Smart Livestock Management App

Predictive livestock health monitoring with multilingual support, offline sync, and productivity insights.

Intelligent Fertilizer Recommender

ML-driven personalized fertilizer plans with weather/satellite data, alerts, marketplace, and farmer forum.

AI Crop Disease Tracker

Plant image analysis for diagnosis, geo-tagged outbreak visualization, and climate-based spread forecasting.

AgriTech

FINTECH

Portfolio Optimizer

AI platform for diversification strategies, stress-testing portfolios, risk heatmaps, and plain-language insights.

Fintech

Sentiment Analysis & Trading Bot

Multi-source financial sentiment engine with volatility predictions, noise filtering, and trading signals.

Shared Expense Manager

AI-powered group expense platform with fraud detection, fair-split algorithms, secure dashboards, and multi-currency settlements.

EMI Loan & Debt Planner

Loan comparison engine with repayment simulations, refinancing/consolidation scenarios, and interactive visualizations.

AI Paper Trading Simulator

Stock market sandbox that evaluates trading strategies with real-time feedback and realistic market conditions.

EDUCATION

S4DS - DIT

Gamified Adaptive Learning App

AI adjusts subject difficulty (coding, vocab, finance), supports offline play, analytics, and anti-cheating tools.

Skill Swap & Mentorship Network

AI/Blockchain-based mentorship platform with live video, reputation scoring, verified certificates, and live translation.

Vernacular Language Assistant

AI English-learning app with native-language support, gamification, speech feedback, and teacher analytics.

Education

AI Writing Peer Review

NLP-powered platform for essay feedback, fair reviewer assignment, and LMS integration with progress tracking.

Education

Tax Error & Deduction Advisor

AI tax-filing assistant that detects mistakes, suggests deductions, simulates refunds, and uses OCR + chatbot guidance.

Education

Video Summarizer + Quiz Generator

Web app that auto-transcribes lectures, summarizes content, and creates adaptive quizzes with performance tracking.

Education

HEALTHCARE

S4DS - DIT

AI Fitness Coach

Personalized, adaptive workout/wellness planner with gamification, dashboards, and offline multi-user support.

Explainable Medical Imaging AI

Diagnostic assistant for scans (X-ray/CT) with explainable heatmaps, confidence scores, and patient history linking.

Healthcare

Secure Mental Health Journal

AI journaling app that analyzes emotional trends, provides insights, chatbot support, and encrypted data storage.

Medical Supply Forecasting

AI dashboard that forecasts shortages, runs what-if procurement simulations, and optimizes multi-facility planning.

Healthcare

TECH & AI

Local Business Website Builder

Drag-and-drop site builder with AI-generated content and simple e-commerce integration for non-tech entrepreneurs.

Online Dispute Resolution (ODR)

AI-assisted platform for submitting disputes, uploading evidence, and receiving smart settlement mediation.

Real-Time Social Sentiment Analyzer

AI dashboard classifying live posts(positive/neutral/negative) and visualizing public opinion trends.

Tech & AI

Deepfake Detection AI

ML model that flags manipulated media using pixel-level artifact detection and facial/motion inconsistencies.

Tech & AI

ADVANCED CHALLENGES

S4DS - DIT

Agri-Forecasting Hub

Data-driven platform combining weather + yield history to predict crop cycles and irrigation schedules.

Global EdTech Collaboration Layer

Virtual learning platform with live translation, AI-powered note summarization, and automated performance reports.

Thanks !!
