AI Explorer: Chatting with ChatGPT!

ChatGPT is an AI (Artificial Intelligence). It's a computer program that can read and write text. The instructions or questions you type to the AI are called a **PROMPT**.

1 Write Your Prompt! 🖋️

Imagine you are writing a story about a flying dog. Write a prompt asking ChatGPT to help you think of a cool name and a special superpower for the dog.

2 The AI's Answer 🤖

Type your prompt into ChatGPT. What was the best idea it gave you? Write it below:

3 Be a Fact-Checker!

Sometimes AI makes mistakes or invents silly facts. This is called a hallucination. Read the AI's answer carefully. What do you think? (Check one)

- ☐ It gave me a great answer! I like it.
- ☐ It gave me a weird or confusing answer. I need to change my prompt!
