

Luis von Ahn

The Puzzle That Proves You Are a Person

Meet Luis!

Luis von Ahn grew up in **Guatemala**. He loved computers. Today he makes **puzzles** for the internet! Have you seen a box that says "click all the buses"? Luis helped invent that. It checks that you are a real **person** and not a computer. Luis also made an app that helps kids learn a new language for free.

1 Word Power

puzzle

person

free

1. Luis helped invent an internet
2. The puzzle checks that you are a real
3. Luis made an app that helps you learn a language for

2 Check the things a computer puzzle might ask you to find.

☐

all the buses

☐

all the traffic lights

☐

all the bicycles

☐

your dreams

☐

your birthday cake

☐

a real dragon

3 Draw It!

Draw a puzzle box that asks someone to find all the cats.

A large dashed green rectangular box with rounded corners, intended for drawing a puzzle box.

★ **FUN FACT:** People all over the world solve millions of Luis's puzzles every single day!
