

SpaceX Rockets

Rockets That Come Home

A Rocket That Lands!

SpaceX builds big rockets. A **rocket** flies up very high. It goes all the way to **space**. Rockets carry astronauts and satellites up to space. Then the rocket comes back to **land**. It stands up on its legs. It can fly again! This saves money.

1 Word Power

rocket**space****land**

1. A flies up very high.
2. It goes all the way to
3. The rocket comes back to

2 Check the things that go up to space.

☐

rocket

☐

astronaut

☐

satellite

☐

cat

☐

tree

☐

bike

3 Draw It!

Draw a rocket landing back on its legs.

A large dashed blue rectangular box with rounded corners, intended for a drawing of a rocket landing on its legs.

★ **FUN FACT:** A SpaceX rocket can land standing up, just like it took off!
